RE: Request for Single Entry Business Visa for, Ms. Ashu Rana

Respected Visa Officer,

This letter is being submitted to request for issuance of a Business Visa on behalf of, Ms. Ashu Rana who is currently designated as the Lead DevOps Engineer of Tricore Solutions Private Limited, an Indian subsidiary of Rackspace Technology, Inc., and is being invited to our office at Trading Point Holdings Ltd. located at Michalakopoulou 80, Athina 115 28, **Greece**.

The assignee's passport details are as follows:

**Name as in passport: Ashu Rana
Passport number: Z5010481
Date of birth: 31ST August 1997
Date of Issue: 27th July 2018
Date of expiry: 26th July 2028**

Trading Point Holdings Ltd. is an award-winning provider of financial services on a global scale and a trusted leader in the brokerage industry. We own and operate FOREX trading platforms under the brands XM.com and Trading.com and are market leaders in Asia.

Ms. Ashu Rana is required to travel to our offices in Athens, Greece to attend planning sessions with our teams and engineers regarding the design and build of critical IT infrastructure for the delivery of a global trading application and its associated technology services at Trading Point Holdings Ltd. located at Michalakopoulou 80, Athina 115 28, **Greece** from 10th March 2025 until 14th March 2025 .

Ashu's purpose of visit and business visa requirement request:

- **Rackspace Ltd and its wholly owned subsidiary, Tricore Solutions provide the underlying technology infrastructure and compute power as a partner and key supplier to Trading Point Holdings Ltd. for most of the past decade. Ashu Rana is a highly valued Lead DevOps Engineer specializing in Cloud infrastructure providing architecture design and technology implementation for Trading Point and is a critical member of the engineer team at Tricore Solutions having worked exclusively with Trading Point for several years. Ashu's work is**

mostly delivered remotely but there is a major transformation project underway that involves the migration of IT services from dedicated infrastructure to AWS. This work requires intensive planning and coordination between teams and engineers and these planning sessions are far more effective when engineers and project managers can be in the same room together, thus the reason for Ashu's visit to our head office in Athens.

- The program of works requires a collaborative working sessions to take place in Trading Point Holdings Ltd.'s Athens office to ensure that the project is delivered according to requirements.
- Ashu is required to be present in the Athens office of Trading Point Holdings Ltd. to ensure that she can engage with product owners during critical planning and project review sessions.
- If Ashu is not able to attend these sessions in person, then her contribution will be limited, and this will negatively impact the project and business relationship.

Rackspace Limited and its wholly owned subsidiary, Tricore Solutions Private Limited, will be bearing full responsibility for Ms. Ashu Rana's travel arrangements, accommodation, expenses, activities and conduct during her trip to Athens. At all relevant times during this trip, Ms. Ashu Rana will remain a full-time, compensated employee of Tricore Solutions Private Limited and will resume normal duties upon return to India.

During the trip, the following are the details of Ms. Ashu Rana company point of contact:

Athanasios Ntavelis
